Dear Team,

I am contacting you today on behalf of a number of concerned residents in Burford, who are very frustrated at the lack of progress in repairing the essential Burford bridge.

As I understand it, repairs to Burford bridge have remained outstanding since it was damaged in June of 2022 and repairs to this historic infrastructure have been subject to consistent delays, having originally been scheduled for repair last April.

While I understand that the County Council (OCC) have been engaging with Burford Town Council (BTC) regarding the planning schedule for Burford bridge, the delays to bridge's completion are unacceptable and Burford residents want to action rather than further delay.

I would therefore be very grateful if you could please provide me with an up-to-date position on the progress of work on the Burford Bridge, as soon as possible.

Thank you in advance for your response on this and I look forward to hearing from you soon.

Yours sincerely,

A handwritten signature in blue ink, appearing to read 'R Courts'.
